

Ocean Currents - Geography

Ocean	Current	Type
Atlantic Ocean - Northern hemisphere	North Equatorial Current	Warm Current
	Antilles Current	Warm Current
	Florida Current	Warm Current
	Gulf Stream	Warm Current
Artic Ocean	Labrador Current	Cold Current
	East Greenland Current	Cold Current
Atlantic Ocean	North Atlantic Drift	Warm Current
	Norwegian Current	Warm Current
	Canaries Current	Cold Current
Atlantic Ocean - Southern Hemisphere	South Equatorial Current	Warm Current
	Falkland Current	Cold Current
	Brazil Current	Warm Current
	South Atlantic Current	Cold Current
	Benguela Current	Cold Current
Pacific Ocean - Northern Hemisphere	Kuroshio Current	Warm Current
	Oyashio Current	Cold Current
	North Equatorial Current	Warm Current
	Alaska Current	Warm Current
	California Current	Cold Current
Pacific Ocean - Southern Hemisphere	Equatorial Counter Current	Warm Current
	North Equatorial Current	Warm Current
	East Australian Current	Warm Current
	South Pacific Current	Cold Current
	Peru Current or Humbolt Current.	Cold Current
	West Wind Drift	Cold Current
Indian Ocean - Northern Hemisphere during winter	North East Monsoon Drift	Warm Current
Summer	South West Monsoon Drift	Warm Current

Indian Ocean - Southern Hemisphere	Mozambique Current	Warm Current
	Agulhas Current	Warm Current
	West Australian Current	Cold Current
	Equatorial Counter Current	Warm Current
	South Equatorial Current	Warm Current
	West Wind Drift	Cold Current
