- (ii) The Preliminary Examination is meant to serve as screening test only. The marks obtained in Preliminary Examination by the candidates who are declared qualified for admission to main examination will not be counted for determining their final order of merit. The number of candidates to be admitted to the Main Examination belonging to each category would be as nearly as may be but not more than 12 times of the total number of vacancies advertised.

Provided that the candidates securing same marks at the cut-off point of each category would be admitted even if it exceeds 12 times to that extent only.

Only those candidates who are declared by the Commission to have qualified in Preliminary Examination against a particular advertisement will be eligible for admission to the Main Examination against the said advertisement.

- (iii) In the Preliminary Examination, candidates shall be awarded marks for correct response of each question. One-fourth marks assigned to that question shall be deducted for indicating incorrect response of each question, but no deduction from the total score shall be made if no response is indicated for a question in the answer sheet. There shall be four responses in each question to be answered and only one correct response shall be made to that. More than one response in any question shall be treated as wrong response and marks for such wrong response shall be deducted if one of the responses happened to be an incorrect response.

1 (B). Main Examination –

The Main Examination shall consist of the following papers and each paper shall be of three hours duration.

Compulsory papers - 1400 marks

Paper – I Odia Language	... 300 Marks

- (i) Candidates must answer the papers in their own handwriting and in no circumstances they will be allowed the help of a scribe to write the answer for them.
- (ii) The Commission shall be competent to fix the qualifying marks in any or all the subjects of the examination.
- (iii) If a candidate's handwriting is not easily legible, a deduction will be made on this account from the total marks otherwise accruing to him.
- (iv) Marks will not be allotted for mere superficial knowledge.
- (v) Credit will be given for orderly, effective and exact expression combined with due economy of words in all subjects of the examination.

- (vi) In the Question Papers, wherever necessary, questions involving the metric system of weights and measures only will be set.
- (vii) Candidates shall use only international form of Indian numerals (i.e. 1, 2, 3, 4, 5, 6 etc.) while answering Question papers.
- (viii) Candidates will be allowed the use of scientific (Non-programmable type) calculators at the conventional (Essay) type examination of O.P.S.C.. Programmable type calculators will, however, not be allowed and the use of such calculators shall tantamount to resorting to unfair means by the candidates. Loaning or interchanging of calculators in the Examination Hall is not permitted. Candidates are not permitted to use calculators for answering objective type papers (Preliminary Examination). They should not, therefore, bring the same inside the Examination Hall.
- (ix) Candidates are not allowed to bring Mobile phones, pagers or any other communication devices into the premises of the Examination Centre and premises of the Commission.

4. Personality Test/Interview -

The candidate shall be interviewed by a Board to be constituted by the O.P.S.C. for the purpose. The said Board will have before them a record of his career. He will be asked questions on matters of general interest. The object of the interview will be to assess the personal suitability of the candidate for a career in public service. The object of test shall be to judge the mental caliber of a candidate, his intellectual qualities as well as social traits and his interest in current affairs. Further some of the qualities (to be judged will be) like mental alertness, critical powers of assimilation, clear and logical exposition, balance of judgment, variety and depth of interest, ability for social cohesion and leadership, intellectual and moral integrity, are to be judged by the said Board.

RESOLUTION

No. PT1-GAD-SC-RULES-0029-2017-23625 /GEN Dated 30th October, 2017

Subject:- Evaluation of General Studies Paper-II of OCS preliminary examination as qualifying and compensatory attempt consequent upon introduction of CSAT in the OCS examinations.

As per provisions contained under serial No. 1 (A) of SCHEDULE-III of Odisha Civil Services (Combined Competitive Recruitment Examination) Rules, 1991 the preliminary examination shall consist of two papers of objective type (multiple choice questions) and each paper shall be of two hours duration carrying 200 marks each. As provided U/r 12 of the said Rules the candidates qualifying the preliminary examination (consisting of both the papers) shall be called to appear at the main examination.

In the meantime the pattern of examination has been modified by the UPSC by making the General Studies Paper-II (CSAT) in the Civil Services Preliminary examination as a qualifying paper with minimum marks fixed at 33%. Besides, the UPSC has allowed compensatory chances to the candidates consequent upon introduction of CSAT in the UPSC preliminary examination. Due to such modifications in the Civil Services Examination a large number of representations have been filed before the government by some aspirants to adopt the same procedure in the Odisha Civil Services, Combined Competitive Recruitment Examination.

After careful consideration, it has been decided by the Government to adopt the same procedure followed in the Civil Services Examination conducted by the UPSC to make the Paper -II of Preliminary Odisha Civil Services Examination as a qualifying paper. A candidate has to secure a minimum of 33% in the Paper -II of preliminary examination so as to evaluate Paper-I of the preliminary examination. Further, the candidates who have appeared in the OCSE-2015 and OCSE-2016 shall be allowed one extra compensatory attempt in the OCSE-2017.

This shall come into force with immediate effect. The provisions of OCS (CCRE) Rules, 1991 are being amended to the above extent separately.

(Order :- Ordered that the Resolution be published in the Extraordinary Gazette for general information and copies be forwarded to all Departments, all Heads of Departments and all Collectors for information.)

RESOLUTION

NO. PT1-GAD-SER2-CSE-0001-2018-15976/Gen., Dated the 5th June, 2018

Sub: Additional compensatory attempt to appear the Combined Competitive Recruitment Examinations, 2018.

The decision of the Government to adopt the procedure followed in the Civil Services Examination conducted by the UPSC in the Odisha Civil Services, Combined Competitive Recruitment Examinations have been communicated in GA&PG Department Resolution No.23625/Gen., dated 30th October, 2017. It was prescribed therein that the Paper-II of Preliminary Odisha Civil Services Examination shall be evaluated as a qualifying paper. A candidate has to secure a minimum of 33% in the Paper-II of Preliminary examination so as to evaluate the Paper-I of the Preliminary examination. Besides, one extra compensatory attempt was allowed to those candidates in the OCSE-2017 who have appeared in the OCSE-2015 and OCSE-2016.

Consequent upon introduction of such UPSC pattern in the OCSE, there are pressing demands from some OCSE aspirants to allow them another chance to appear in the OCSE-2018 irrespective of their maximum age limit.

After careful consideration, it has been decided by the Government that notwithstanding anything contained in the Rule, the intending candidates who have appeared in OCSE-2015 or OCSE-2016 or OCSE-2017 but are otherwise ineligible to appear/compete in the OCSE-2018, on account of attainment of upper age limit or exhaustion of the attempts prescribed under the Rule, shall be allowed one more additional compensatory attempt for appearing in OCSE-2018.

This shall come into force with immediate effect. The provisions of the OCS (CCRE) Rules, 1991 are being amended to the above extent separately.

(Order: - Ordered that the Resolution be published in the Extraordinary Gazette for general information and copies be forwarded to all Departments, all Heads of Departments and all Collectors for information.

**REGULATIONS RELATING TO THE PHYSICAL EXAMINATIONS OF
CANDIDATES APPLYING FOR THE ODISHA POLICE SERVICE.**

The regulations are published for the convenience of candidates and enable them to ascertain the probability of their possessing the required physical standard. The regulations are also intended to provide guidelines to the medical examiners.

The Government of Odisha reserve to themselves absolute discretion to reject or accept any candidate after considering the report of the Medical Board.

PHYSICAL STANDARD:

1. To be passed as fit for appointment, a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties on this appointment.

2. (a) In the matter of co-relation of age limit, height and chest girth of candidates of India, it is left to the Medical Board to use whatever correlation figure are considered most suitable as a guide in the examination of the candidates. If there be any disproportion with regard to height, weight and chest girth, the candidates should be hospitalized for investigation and X-ray of the chest taken before the candidate is declared fit or not fit by the Board."

(b) For the Odisha Police Service minimum standard for height and chest girth without which candidates cannot be accepted, are as follows:-

		Height	Chest Girth fully expanded	Expansion
1	2	3	4	5
1	Men(UR/SEBC/SC)	165 cm	84 cm	5 cm
2	Men (ST)	160 cm	84	5 cm
3	Women (UR/SEBC/SC)	150 cm	79 cm	5 cm
4	Women (ST)	145 cm	79 cm	5 cm

3. The candidate's height will be measured as follows:

He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toe or other sides of the feet. He will stand erect without rigidity and with heels calves buttocks and shoulder touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar and the height will be recorded in centimeters and parts of a centimeter to halves.

4. The candidate's chest will be measured as follows:-

He will be made to stand erect with his feet together and to raise arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted and the minimum and maximum will then be recorded in centimeters 84-89, 86-93.5 etc. In recording the measurements fractions of less than half a centimeter should not be noted.

15-82

N.B.- The height and chest of the candidates should be measured twice before coming to a final decision.

5. The candidate will also be weighed and his weight recorded in kilograms; fractions of half a kilogram should not be noted.

6. (a) The candidate's **eye-sight** will be tested in accordance with the following rules. The result of each test will be recorded.

- (i) General - The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffered from any morbid conditions of eye, eyelids or contiguous structure of such a sort as to render or are likely at future date to render him unfit for service.
- (ii) Visual Acuity - The examination for determining the acuteness of visions includes two tests - one for distant the other for near vision. Each eye will be examined separately.

(b) There shall be no limit for maximum naked eye vision but the naked eye vision of the candidates shall however be recorded by the Medical Board or other medical authority in every case, as it will furnish the basis information in regard to the condition of the eye.

(c) The following standards are prescribed for distant and near vision with or without glasses.

(d) (i) **The total amount of Myopia (including the cylinder) shall not exceed minus 4,00D. Total amount of Hypermetropia (including the cylinder) shall not exceed plus 4.00D.**

(ii) ~~In every case of myopia fundus examination should be carried out and the results recorded. In the event of pathological condition being present which is likely to be progressive and affect the efficiency of the candidate, he/she should be declared unfit.~~

(e) **Field of vision** : The field of vision shall be tested by the confrontation method. When such test gives unsatisfactory or doubtful result the field of vision should be determined on the perimeter.

		Better eye (Corrected vision)	Worse eye
1	Distant vision	6/6 or 6/9	6/12/ or 6/9
2	Near Vision	J1	J2
3	Types of corrections permitted	Spectacles	
4	Limits of refractive error permitted	+4.00D (including cylinder) Non-Pathological Myopia +4.00D (including cylinder) (Hypermetropia)	
5	Colour vision requirements	High Grade	
6	Binocular vision needed	Yes	

(f) **Night Blindness:** Broadly there are two types of night blindness: (1) as a result of Vitamin-A deficiency and (2) as a result of Organic disease of Retina, common cause being Retinitis Pigmentosa. In (1) the fundus is normal, generally seen in younger age group and ill nourished persons and improves by large doses of Vitamin-A. In (2) the fundus is often involved and mere fundus examination will reveal the condition in majority of cases. The patient in this category is an adult and may not suffer from malnutrition. Persons seeking employment for higher posts in the Government will fall in this category. For both (1 and (2) dark adaptation test will reveal the condition. For (2) Specially when fundus is not involved Electro-Retinography is required to be done. Both these tests (dark adaptation and retinography) are time consuming and require as a routine test in a medical check up. Because of these specialized set up, and equipment and thus are not possible as a technical considerations. It is for the Ministry/Department to indicate if these tests for night blindness are required to be done. This will depend upon the job requirement and nature of duties to be performed by the prospective Government employees.

(g) **Colour Vision :** The testing of colour vision shall be essential. Colour perception should be graded into higher grade depending upon the size of aperture in the lantern as described in the table below:

	Grade	High Grade Colour Perception
1	2	3
1.	Distance between the lamp and candidate	16ft
2	Size of aperture	13 mm
3	Time of exposure	5 seconds

Satisfactory colour vision constitutes, recognition with ease and without hesitation of signal red, green and yellow colour. The use of Ishihara's plates, shown in good light and a suitable Edrige Green's lantern shall be considered quite dependable for testing colour vision. While either of the two tests may ordinarily be considered sufficient in respect of services concerned with road, rail and air traffic, it is essential to carry out the lantern test. In doubtful cases where a candidate fails to qualify when tested by only one of the two tests, both the tests should be employed.

(h) **Ocular condition other than visual acuity :**

(i) Any organic disease or a progressive refractive error which is likely to result in lowering visual acuity, should be considered a disqualification.

(ii) **Squint:** The presence of binocular vision is essential. Squint, even if the vision acuity in each eye is of the prescribed standard should be considered a disqualification.

(iii) If a person has one eye of if he has one eye which has normal vision and the other eye is amblyopic or has subnormal vision the usual effect is that the person is **lacking stereoscopic vision for perception of depth. Such vision is not necessary.**

(iv) **Contact Lenses:** During the medical examination of candidate, the use of contact lenses is not to be allowed. It is necessary that when conducting eye test the illumination of the typed letters for distant vision should have an illumination of 15 foot-candles.

GUIDELINES FOR SPECIAL OPHTHALMIC BOARD

Special Ophthalmic Board for eye examination shall consist of 3 Ophthalmologists:

- (a) Cases where the Medical Board has recorded visual function within normal prescribed limits but suspects a disease of progressive and organic nature, which is likely to cause damage to the visual function should refer the candidates to a Special Ophthalmic Board for opinion as part of the first Medical Board.
- (b) All cases or any type of surgery on eyes, IOL, refractive corneal surgery, doubtful cases of colour defect should be referred to special Ophthalmic Board.
- (c) In such cases where a candidate is found to be having high myopia or high hypermetropia, the State Medical Board should immediately refer the candidates for a special Board of three Ophthalmologists constituted by the Medical Superintendent of the hospital/A.M.O. with the head of the Department of Ophthalmology of the Hospital or the senior most ophthalmologist as the Chairman of the special Board. The Ophthalmologist/Medical Officer who has conducted the preliminary ophthalmic examination can not be a part of the Special Board.

The Examination by the Special Board should preferably be done on the same day. Whenever it is not possible to convene the Special Board of three Ophthalmologists on the day of the medical examination by the State Medical Board, the Special Board may be convened at an earliest possible date.

The Special Ophthalmic Board may carry out detailed investigations before arriving at their decision.

The Medical Board's report may not be deemed as complete unless it includes the report of the Special Board for all such cases which are referred to it.

GUIDELINE FOR REPORTING ON BORDER LINE UNFIT CASES:

In border line cases of substandard visual acuity, subnormal colour vision, the test will be repeated after 15 minutes by the Board before declaring a person unfit.

7. **Blood pressure:**

The Board will use its discretion regarding Blood Pressure. A rough method of calculating normal maximum systolic pressure is as follows:-

- (i) With Young subject 15-25 years of age the average is about 100 plus the age.
- (ii) With subjects over 25 years of age the general rule of 110 plus half the age seems quite satisfactory.

N.B.- As a general rule any systolic pressure over 140 mm and diastolic over 90 mm, should be regarded as suspicious and the candidate should be hospitalized by the Board before giving their final opinion regarding the candidate's fitness or otherwise. The hospitalization report should indicate whether the rise in blood pressure is of a transient nature due to excitement etc. or whether it is due to any organic disease. In all such cases X-ray and electrocardiographic examination of heart and blood urea clearance test should also be done as a routine. The final decision as to fitness or otherwise of a candidate will however, rest with the medical board only.

Method of taking Blood Pressure

The mercury manometer type of instrument should be used as a rule. The measurement should not be taken within fifteen minutes of any exercise or excitement. Provided the patient and particularly his arm is relaxed he may be either lying or sitting. The arm is supported comfortably at the patient's side in a more or less horizontal position. The arm should be freed from the cloth to the shoulder. The cuff completely deflated should be applied with the middle of the rubber over the inner side of the arm and its lower edge an inch or two above the bend of the elbow. The following returns of cloth bandage should spread evenly over the bag to avoid bulging during inflation.

The brachial artery is located by palpitation at the bend of the elbow and the stethoscope is then applied lightly and centrally over it below but not in contact with the cuff. The cuff is inflated to about 200 mm. Hg. and then slowly deflated. The level at which the column stands when soft successive sounds are heard represents the Systolic Pressure. When more air is allowed to escape the sound will be heard to increase in intensity. The level at which the well heard clear sound change to soft muffed fading sounds represents the diastolic pressure. The measurements should be taken in a fairly brief period of time as prolonged pressure of the cuff is irritating to the patient and will vitiate the reading. Rechecking if necessary should be done only a few minutes after complete deflation of the cuff. Sometimes as the cuff is deflated sounds are heard at a certain level they may disappear as pressure falls and reappear at a still lower level. This silent Gap may cause error in readings.

8. The urine (passed in the presence of the examiner) should be examined and the results recorded. Where a Medical Board finds sugar present in candidate's urine by the usual chemical tests the Board will proceed with the examination with all its other aspects and will also specially note any signs or symptoms suggestive of diabetes. If except for the glycosuria the Board finds the candidate conforms to the standard of medical fitness required they may pass the candidate fit, subject to the glycosuria being non-diabetic and the Board will refer the case to a specified specialist in Medicine who has hospital and laboratory facilities at his disposal. The Medical Specialist will carry out whatever examinations clinical and laboratory, he considers necessary including a standard blood sugar tolerance test, and will submit his opinion to the Medical Board upon which the Medical Board will base its final opinion "fit" or "unfit". The candidate will not be required to appear in person before the Board on the second occasion. To exclude the effect of medication it may be necessary to retain a candidate for several days in hospital under strict supervision.

9. A woman candidate who as a result of tests is found to be pregnant of 12 weeks standing or over should be declared temporarily unfit until the confinement is over. She should be re-examined for fitness certificate six weeks after the date of confinement, subject to the production of a medical certificate of fitness from a registered medical practitioner.

10. The following additional points should be observed:-

(a) that the candidate's **hearing in each ear is good and that there is no sign of disease of the ear.** In case it is defective the candidate should be got examined by the ear specialist; provided that if the defect in hearing is remediable by operation or by use of a hearing aid a candidate cannot be declared unfit on that account provided he/she has no progressive disease in the ear. The following are the guidelines for the medical examining authority in this regard:-

1.	Perceptive deafness in both ears in which some improvement is possible by a hearing aid	Fit if the deafness is up to 30 decibel in speech frequencies of 1000-4000.
2.	Perforation of tympanic membrane of central or marginal type.	(i) One ear normal other ear perforation of tympanic membrane present temporarily unfit. Under improved conditions of Ear Surgery a candidate with marginal or other perforation in both ears should be given a chance by declaring him temporarily unfit and then he may be considered under 4(ii) below. (ii) Marginal or attic perforation in both ears unfit. (iii) Central perforation both ears - Temporarily unfit.
3.	Ears with mastoid cavity subnormal hearing on one side/on both sides.	(i) Either ear normal hearing other ear mastoid cavity. Fit. (ii) Mastoid cavity of both sides. Unfit.
4.	Persistently discharging ear operated/unoperated.	Temporarily Unfit.
5.	Chronic Inflammatory/allergic condition of nose with or without bony deformities of nasal septum.	(i) A decision will be taken as per circumstances of individual cases. (ii) If Deviated nasal Septum is present with symptoms - Temporarily unfit.
6.	Chronic Inflammatory conditions of tonsils and or Larynx.	(i) Chronic Inflammatory conditions of tonsils and/or Larynx - Fit. (ii) Hoarseness of voice of severe degree if present then Temporarily unfit.
7.	Benign or locally Malignant tumours of the E.N.T.	(i) Benign tumours - Temporarily unfit. (ii) Malignant Tumour - unfit.
8.	Otosclerosis	If the hearing is within 30 decibels after operation. Or With the help of hearing aid Fit.
9.	Congenital defects of ear, nose or throat.	(i) If not interfering with functions - Fit. (ii) Stuttering of severe degree - Unfit.
10.	Nasal/Poly.	Temporarily Unfit.

- (b) That his speech is without impediment;
- (c) That his teeth are in good order and that he is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);
- (d) That the chest is well formed and his chest expansion sufficient and that the hearts and lungs are sound;
- (e) That there is no evidence of any abdominal disease;
- (f) That he is not ruptured;
- (g) That he does not suffer from hydrocele, varicose veins or piles;
- (h) That his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all joints;
- (i) That he does not suffer from any inveterate skin disease;
- (j) That there is no congenital malformation or defect;
- (k) That he does not bear traces or acute or chronic disease pointing to an impaired constitution;
- (l) That he bears marks of efficient vaccination; and
- (m) That he is free from communicable disease.

11. Radiographic examination of the chest of candidate for detecting any abnormality of the heart and lungs which may not be apparent by ordinary physical examination will be done at the time when he is called for the Personality Test by the Odisha Public Service Commission.

The decision of the Chairman of the State Standing Medical Board (conducting the medical examination of the concerned candidate) about the fitness of the candidate shall be final.

In case of doubt regarding health of a candidate the Chairman of the Medical Board may consult a suitable Hospital specialist to decide the issue of fitness or unfitness of the candidate for Government Service e.g. if a candidate is suspected to be suffering from any mental defect or aberration the Chairman of the Board may consult a Hospital Psychiatrist/Psychologist etc.

When any defect is found it must be noted in the certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate.

12. The candidate filling an appeal against the decision of the Medical Board have to deposit an appeal fee of Rs.100.00 in such manner as may be prescribed by the Government of India in this behalf. This fee would be refunded if the candidate is declared fit by the Appellate Medical Board. The candidates may, if they like enclose medical certificate in support of their claim of being fit. Appeals should be submitted within 21 days of the date of the communication in which the decision of the Medical Board is communicated to the candidates otherwise request for second medical examination by an Appellate Medical Board will not be entertained. The Medical Examination by the Appellate Medical Board would be arranged at Cuttack only and no traveling allowance or daily allowance will be admissible for the journeys performed in connection with the medical examination. Necessary action to arrange medical examination by Appellate Medical Boards would be taken by the General Administration Department on receipt of appeal accompanied by the prescribed fee.

MEDICAL BOARD'S REPORT

The following intimation is made for the guidance of the Medical Examination:-

1. The standard of physical fitness to be adopted should make due allowance for the age and length of service, if any of the candidate concerned.

No person will be deemed qualified for admission to the public service who shall not satisfy Government or appointing authority as the case may be that he has no disease constitutional affliction, or bodily infirmity, unfitting him or likely to unfit him for that Service.

It should be understood that the question of fitness involves the future as well as present and that one of the main objects of medical examinations is to secure continuous effective service and in the case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the likelihood of continuous effective service and the rejection of a candidate need not be advised on account of the presence of a defect which is only a small proportion of cases is found to interfere with continuous effective service.

A Lady Doctor will be co-opted as a member of the Medical Board whenever a women candidate is to be examined.

The report of the Medical Board should be treated as confidential.

In case where a candidate is declared unfit for appointment in the Government Service ~~the ground for rejection~~ may be communicated to the candidate in broad terms without giving minute details regarding the defects pointed out by the Medical Board.

In case where a Medical Board considers that minor disability disqualifying a candidate for Government Service can be cured by treatment (medical or surgical) a statement to the effect should be recorded by the Medical Board. There is no objection to a candidate being informed of the Board's opinion to the effect by the appointing authority and when a cure has been effected it will be open to the authority concerned to ask for another Medical Board.

In the case of candidate who are to be declared "Temporarily Unfit" the period specified for re-examination should not ordinarily exceed six months at the maximum. On re-examination after the specified period these candidates should not be declared temporarily unfit for a further period but a final decision in regard to their fitness for appointment or otherwise should be given.
